

"Come live the life of Ryley"

---

November 4, 2021

Dear all residents of Ryley,

Your Council wishes to clarify certain matters within the administration of the Village of Ryley:

- The Village is looking to engage the services of a professional to conduct a forensic investigation of its financial records.
- The current CAO, Glen Hamilton-Brown, remains an employee of the Village, and has been placed on paid leave.
- No misconduct on the part of any employee of the Village, including the current CAO, has been found to date, as the forensic investigation has not yet been commenced and thus no findings have been issued.
- No employees of the Village have, to date, been terminated.
- Please direct all questions and concerns to Michael Bolch, interim CAO.

Sincerely,

Your Council.
